

## Technical Data Sheet

### Rescue Trade Bed-Set

Basic UDI-DI: 426072773RT-BEDSET7J

### Rescue Trade Disposable Blanket – 500 g

Item: RTEDBW500

#### Description and Application

The disposable patient blanket is intended for short-term single use in healthcare facilities, such as hospitals, ambulances, patient transport and nursing homes, and provides a physical barrier against the direct transmission of potentially infectious germs to the patient.

It also increases comfort and well-being during the patient's stay or during transport.

#### Material and Characteristic

- Color: blue
- Filling: Cotton 200g/m<sup>2</sup>
- Outer Layer: 2 Layers PP-nonwoven, 20g/m<sup>2</sup>
- Weight: approx. 500 grams
- Size: approx. 190x110 cm
- Individually hygienically and space-savingly packed in polybags

#### Packaging Information

• Unit:

 = 40 Stück/VE

 = 15 VE/Palette

- Carton Size: approx. 80x40x40 cm
- Net Weight Ctn: approx. 20 kg
- Gross Weight Ctn: approx. 21 kg

#### Additional Information

**MD** Medical Device Class I according to EU Regulation 2017/745 MDR

- GTIN Carton: 4260727730192
- GTIN Pieces: 4260727731151

- GMDN-Number: 60823
- FDA-CFR Code: §880.6060

Thermal Resistance  
according DIN EN ISO 11092:2014-12<sup>A</sup>:  
 $R_{ct} = 0,2370 \text{ m}^2\text{K/W}$

This is an internal classification based on measured thermal resistance ( $R_{ct}$ ) values. It is intended for internal reference only and does not represent an official or legally recognized rating system.

Comfort Index: premium
